

Firenze Contemporary #5

Data: 3 aprile 2025 | Autore: Redazione

Dal 15 al 25 marzo, Florence Contemporary prende vita – con un vernissage serale sabato 15 marzo, seguito da un orario di apertura straordinario – per scoprire l’arte contemporanea a Firenze. Giunta alla quinta edizione, la manifestazione offre un’alternativa o un arricchimento per chi è interessato alla scena artistica emergente e meno istituzionale; un warm-up organizzato annualmente da Rossocinabro non solo come anteprima delle nuove opere in mostra a Roma, ma anche come assaggio delle attività off-site che Rossocinabro intende sviluppare durante tutto l’anno.

Le opere in mostra, provenienti da artisti di tutto il mondo, spaziano dalla pittura e scultura alla fotografia e all’arte digitale. I visitatori possono ammirarle in un’atmosfera unica, grazie a un orario di apertura serale straordinario fino alle 22:00, domenica inclusa.

La mostra si sposterà poi a Roma dal 1° al 18 aprile.

From the 15th to the 25th of March, Firenze Contemporary comes to life – with an evening vernissage on Saturday, the 15th of March, followed by extraordinary opening hours – to discover contemporary art in Firenze. Now in its fifth year, the event offers an alternative or enhancement for those interested in the emerging and less institutional art scene; a warm-up organized annually by Rossocinabro not only as a preview of the new works on display in Rome, but also as a taste of the off-site activities that Rossocinabro intends to develop throughout the year.

The works on display, originating from artists worldwide, range from painting and sculpture to photography and digital art. Visitors can admire them in a unique atmosphere, thanks to extraordinary evening opening hours until 10 pm, including Sunday.

The exhibition will then move to Rome from the 1st to the 18th of April.
